

Fujita Medical Journal

Conflict of Interest Declaration Form

Manuscript Number: _____

Title: _____

Corresponding Author: _____

Fujita Medical Journal requires that all authors sign a declaration of conflicting interests. Answer the following questions.

Conflict of Interest (for all authors)

A conflicting interest exists when scientific judgement concerning the validity of research (i.e., primary interest) may be influenced by secondary interest such as financial benefit or personal competition. Examples of potential conflicts of interest include employment, consultancies, stock ownership, honoraria, paid expert testimony, patent applications/registrations, and grants or other funding.

Do you have any competing interest to declare? Yes No

If yes, please describe it (them) in a box below.

Funding Source (only for corresponding author)

We require all sources of funding to be acknowledged in the manuscript. Also, the authors are asked to declare whether study sponsors had involved in the study design; collection, analysis and interpretation of data; the writing of the manuscript; the decision to submit the manuscript for publication or not.

Is your research supported by any funding? Yes No

If yes, please state sources of funding for your research in a box below.

Did the study sponsors have any influence on the study design, collection, analysis and interpretation of the data and in the writing of the manuscript? Yes No

If yes, please describe how the sponsors involved in your study in a box below.
