

3ch · Ultracompact water resistant Holter recorder

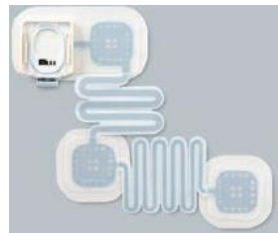

## Cardy 305 pico

### Compact, Lightweight and Simple Operation

- Achieve Holter ECG examination with less burden on patients
- Main unit with integrated L-shaped water resistant electrode
- Achieve to attach inside clothing
- Recording time: 24 hours or 48 hours(2ch/3ch)

L-shaped electrode  
Cardyrode P 3 0 5

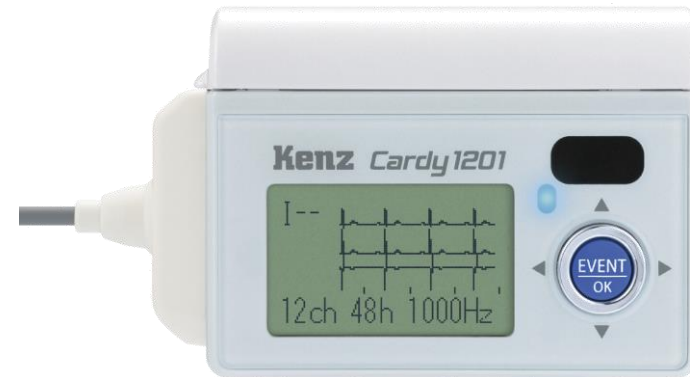

- Dimension : W35.8 × H 40.8 × D8.7mm
- Weight : 13 g (including battery)
- MOH approval number : 301AGBZX00063000

12ch · Long-term recording and water resistant  
Holter recorder

## Cardy 1201

### Examine the heart condition in more details

- For detecting Paroxysmal AF
- For detecting early repolarization and Brugada syndrome
- Recording time: 12ch ⇒ Max. 48 hours  
1ch ⇒ Max. 10 days  
2ch/3ch ⇒ Max. 7 days

- Dimension : Approx. W61.6 × H 46.3 × D 21.6mm
- Weight : 45 g (not including battery)
- MOH approval number : 226AGBZX00096000
